Fire Pits

Terrace fire pits

Terrace fire pit (small)

Terrace fire pit (medium) shown with optional grill attachment

Complementing our existing Delta fire pits are two new Terrace fire pits.

These are taller and have integrated ash pans making them suitable for use wooden decking.

Terrace fire pit (medium) model has an optional height-adjustable grill attachment which is great for heating smaller foods such as kebabs or prawns.

Garden Heater

The Garden Heater combines wood-fired outdoor heating with a practical cooktop.

Features:

- Cooktop area for keeping food items warm
- Top flue (94 cm) with cap
- Integrated storage area
- Air control to adjust burn rate
- Liner bricks as standard for improved fuel efficiency
- Optional Pizza Stone for cooking snacks in the firechamber.
- Optional shelves can be attached either side of the body for extra food preparation/storage area.

Garden Heater shown with optional side shelves

Optional Pizza stone and shelf, door shown open.

Shelves can fold away when not in use
